What Kaleo Has Done in the Past

Key Milestones

Program Development

- Designed and scaled the 8-week Single Mom Resource Course
- Launched Canada's first Single Mom Narcissistic Abuse Recovery Program

Community building

- Created the Single Mom Collective in Alberta through community engagement
- Established a Mom Advisory Board composed entirely of single mothers

Desire

Build leaders from within the Kaleo Collective community

Current Impact

- Kaleo serves 1,500 single mothers and children in Alberta
- Built strong community trust but limited national visibility

Key Takeaway

Kaleo's growth potential is clear, but without diversified revenue and stronger systems, expansion will remain constrained

Persona Analysis

What issues are currently being faced by stakeholders?

Maria

34-year-old single mom of two kids

She is no longer in crisis, but still feels constant financial pressure

She balances part-time work, childcare, and household responsibilities alone

She wants stability, confidence, and a stronger future for her children

Joahna

32-year-old Kaleo's Executive Director

She leads Kaleo with a deep commitment to empowering single mothers.

She constantly balances program accessibility with financial sustainability

She needs predictable revenue, stronger infrastructure, and scalable systems to ensure long-term impact.

Persona Analysis

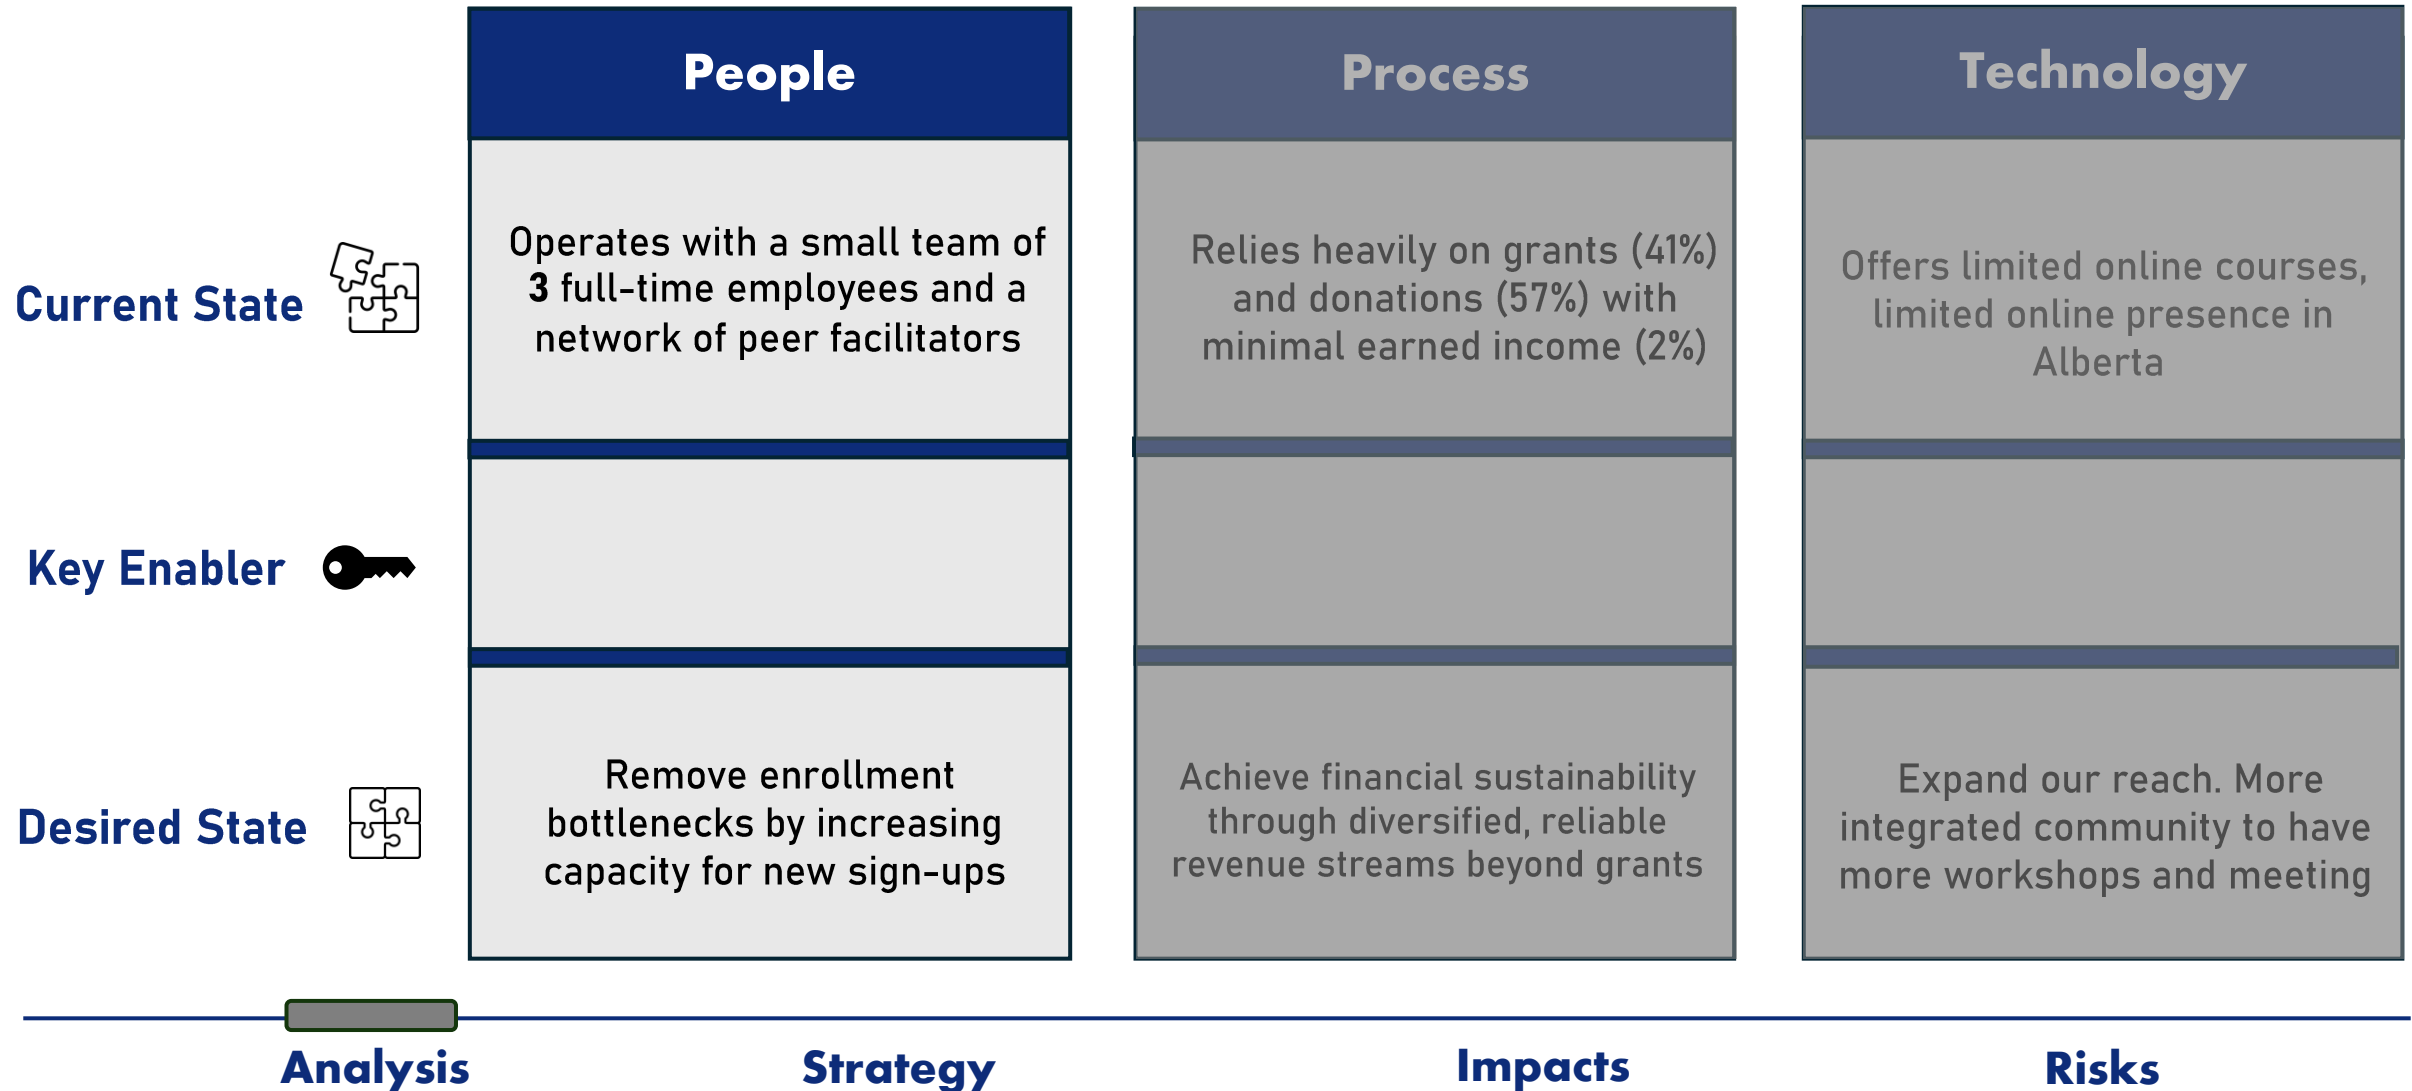

What issues are currently being faced by stakeholders?

Key Takeaway

The mission and operational realities align, but closing the gap demands financial predictability and scalable structure.

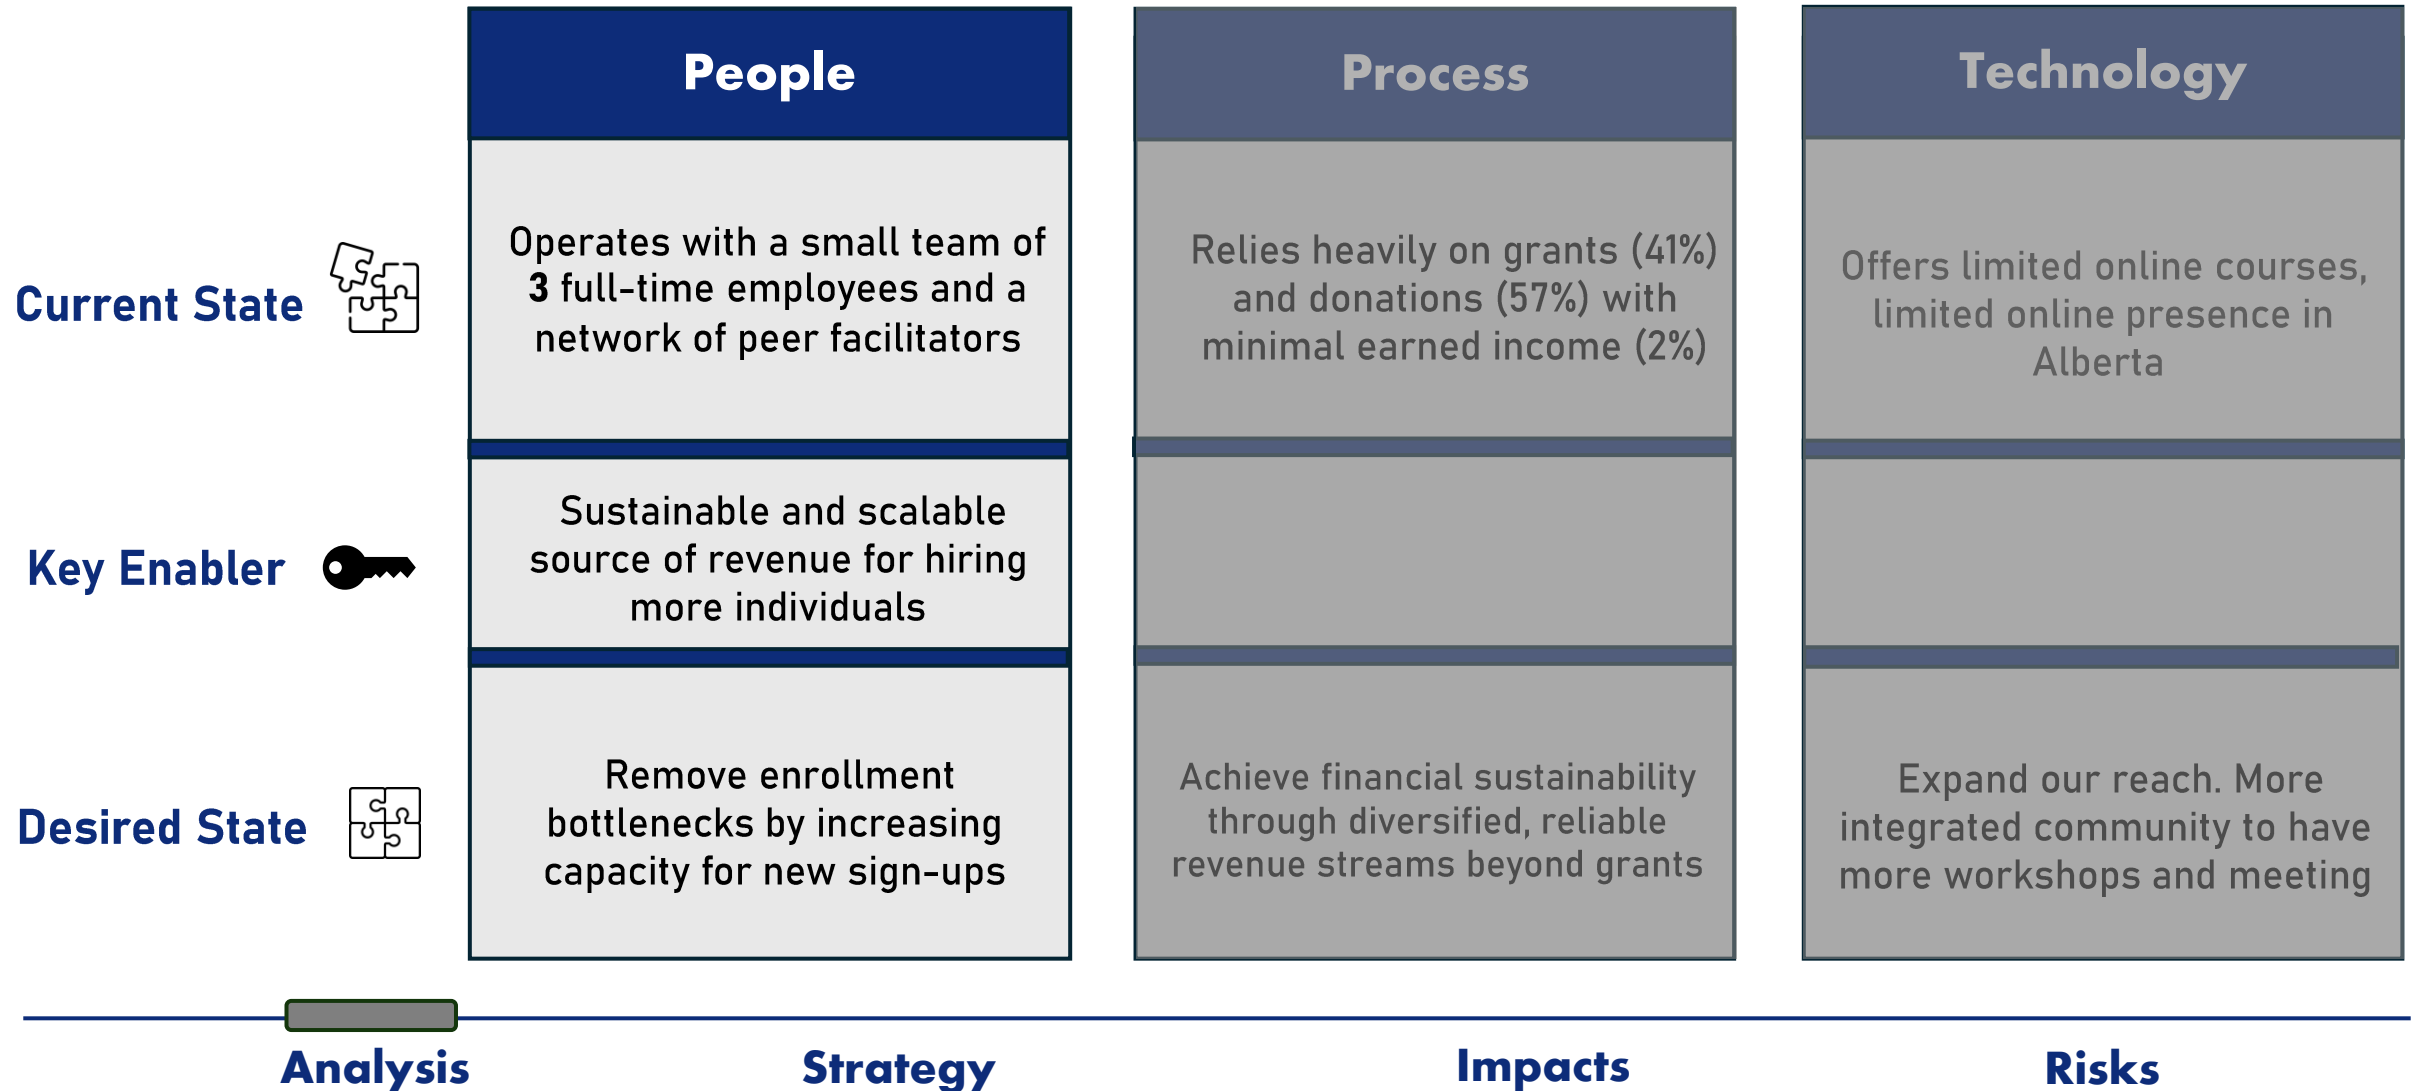

GAP Analysis

How do we realize our vision for the future?

	People	Process	Technology
Current State 	Operates with a small team of 3 full-time employees and a network of peer facilitators	Relies heavily on grants (41%) and donations (57%) with minimal earned income (2%)	Offers limited online courses, limited online presence in Alberta
Key Enabler 	Sustainable and scalable source of revenue for hiring more individuals	Corporate and vendor partnership ecosystem to generate non-grant revenue.	Development of a scalable social platform with community tools
Desired State 	Remove enrollment bottlenecks by increasing capacity for new sign-ups	Achieve financial sustainability through diversified, reliable revenue streams beyond grants	Expand our reach. More integrated community to have more workshops and meeting
